AMPAC

Plumbing Apprentice Guide

School Year 2017 - 2018

There will be NO EXCEPTIONS made to the policies and guidelines contained within this guide.
EQUAL OPPORTUNITY PLEDGE

The recruitment, selection, employment, and training of Apprentices during their apprenticeship, shall be without discrimination because of race, color, religion, national origin, or sex. The sponsor will take affirmative action to provide equal opportunity in apprenticeship and will operate the apprentice program as required under Title 29 of the Code of Federal Regulations, Part 30, and Title 34, Labor and Industry, Chapter 81, Equal Opportunity in Apprenticeship Programs.
AMPAC HISTORY

AMPAC (Associated Master Plumbers of Allegheny County) had its beginnings in June of 1966, when a small group of dedicated licensed plumbers banded together to improve the plumbing trade. They gave up much of their free time to form this bond, and the keystone of their hopes was and remains an excellent apprenticeship training school to graduate skilled and well-rounded apprentices to further the plumbing industry. By becoming involved in legislation governing plumbing codes and by setting standards for licensing, by sharing ideas and solving shared concerns, they hoped to exert some control over the industry and therefore their individual livelihoods. Without the strength of this group, the plumbing profession in Allegheny County would not be what it is today. But, thanks to the foresight of those original members and the continuing work of present members, these united efforts have maintained a very high standard for the industry and as a result, each of us as well.

You, as apprentice plumbers, are now part of the history of the Associated Master Plumbers of Allegheny County (AMPAC). By attending this Plumbing Apprenticeship Training Program, sponsored by AMPAC, you are part of a proud tradition of the plumbing industry.

The goal of AMPAC is to better the plumbing trade. Our first priority in this school is to produce the finest apprentices we possibly can. We can only accomplish this goal by providing all of our apprentice students with the best instructors and the most up-to-date information available in our industry.

The Officers, Board of Directors, and members of AMPAC have a serious responsibility in operating this school and they do not hold these responsibilities lightly. We are providing a great opportunity for you to increase your knowledge of plumbing and to build a bright future for you and your family.

But you, as apprentice plumbers, have responsibilities also. We have high expectations for all our students and we expect your full cooperation in carrying out the purpose of this school and ultimately the purpose of this Association.

We will not tolerate any efforts by anyone to tarnish the image of our school. Our school is a fine school and we promise you an excellent, well-tutored apprenticeship. All students come to this school by choice and are expected to take their classes seriously. That also applies to your attitude towards instructors, school staff, and representatives of AMPAC. You will be treated in a manner consistent with proper teaching and student participation.

Apprentices are taught the proper attitude toward work with particular emphasis on the importance of SAFETY and responsibility to the public. Discussions will be encouraged on sanitary plumbing health hazards and their effects on the environment. The apprentice must learn to exhibit pride and workmanship with his installations. He must understand the laws pertaining to plumbing, including the administration of those laws.
THE APPRENTICE SYSTEM

THE PLUMBING APPRENTICESHIP PROGRAM:
⇒ Provides for a 4-year apprenticeship;
⇒ Specifies at least 576 hours of related information;
⇒ Provides supervision of classes by School Review Committee and Joint Apprenticeship Committees;
⇒ Controls plumbing apprenticeship through advisory committees – Masters and Journeymen equally represented;
⇒ Recognizes the fundamental principle that plumbing work should be done only by properly qualified Journeymen Plumbers who are assisted by Apprentices, all of whom are employed under the supervision of a Master Plumber;
⇒ Establishes a permanent uniform national plan of plumber-apprentice training, under control of the trade.

THE PLUMBING APPRENTICE BENEFITS BY:
⇒ Earning a living while in training for a plumbing career;
⇒ Receiving regular pay increases as plumbing skills increase;
⇒ Receiving formalized training on-the-job under the supervision of a licensed Master Plumber in all processes necessary to take the Journeymen test;
⇒ Receiving classroom instruction which supplements on-the-job training more effectively in the labor market;
⇒ Acquiring a skill which will enable the plumbing apprentice to compete more effectively in the labor market;
⇒ Apprenticeship assures a means for passing on skills and knowledge from one generation to another.

***Individuals must be sixteen (16) years of age to enroll in the Plumbing Apprenticeship Training Program***
The Program is a 4-year program. Each school year consists of two semesters of 72 class hours each. The Allegheny County requirement is 576 school hours as stated in Article XV, Rules and Regulations of the Allegheny County Health Department (The Plumbing Code). You must accumulate 576 hours before you can apply to take the Journeyman Plumber examination to gain your license. You must also work for a licensed Master Plumber while you are attending school. Your work time for a Master Plumber should total 8,000 hours over four years or more. Your school hours and work hours must be submitted to Allegheny County. Both the application and affidavits from Master Plumber employers must be notarized.
Each apprentice employed under this program is expected to apply himself/herself with diligence and care to the various tasks assigned, to protect the property and interests of the Employer; and to obey the rules of the Employer, realizing that much time, money and effort is being expended in affording him/her the opportunity to become a skilled Journeyman.

Apprentices will remain under the jurisdiction and control of the School Review Committee during their school time. The Committee shall exercise general authority over all aspects of the Apprenticeship Program and shall act to protect the apprentice’s welfare. The Committee shall also have authority to instruct and discipline apprentices, periodically review school records, grades, and monitor the quality of the instruction, and to evaluate the progress of the apprentice.

Apprentice cards are issued through the school as part of your tuition. New cards are given each October and are valid until the following September. First year students, as well as advanced students who have changed their address, must complete an apprenticeship application form which will be available on the first night of school or from the School Administrator during the school year. When applying for an apprentice card, be sure all information is printed clearly. The applicant should complete only the top third of the card. The Registered Master Plumber for whom the student is working must complete the middle section of the card. The effective school date for new apprentices will be 08/28/17. Be sure the effective starting date is completed and accurate. Leave the bottom section of the card blank. This card should be returned to your instructor on the 2nd night of class. Apprentices unable to enroll in an apprentice program in the current school year or those working during non-school times should go with their employer to the Allegheny County Health Department (Plumbing Section) and request a temporary Apprentice Card. There is a $20.00 fee required for a temporary Apprentice Card. The only way an apprentice can begin to accumulate the required job work hours is by obtaining an Apprentice card.

Advanced standing allows students to receive credit for 144 classroom hours along with 2000 work hours. Advanced standing status can be granted only to those first-year students who meet certain requirements and pass an exam administered by Allegheny County Health Department. The requirements are as follows:

1. Successful completion of a related training program consisting of at least one school year of instruction.
2. Successful completion of related training provided by the military during active service.
3. College credits received toward a major in a related field.
4. Other comparable training/college credits that would meet the requirements of 1, 2 or 3.
5. Bachelor’s Degree from an accredited institution

Applications are available in the school office.
The County does require a fee for taking the advanced standing exam. Individuals who meet the qualifications can apply with the County by calling 412-578-8123 but must call before the third night of class. Students interested in applying to take the exam must inform the School Administrator no later than the second scheduled class so they can be assigned to take the Introduction to Code class during their first semester. The letter from the county verifying the test results must be given to the School Administrator so a copy can be made for school files. Scheduling adjustments will be made starting in the second semester, to place the individual in a second-year class.

Requirements:
In order to be current with the four-year program, students must acquire 144 hours per year or 72 hours per semester. Each semester consists of exactly 72 hours of instruction. Therefore, students must attend every night of school in order to acquire the number of hours required. The list below indicates the accumulated hours needed at the end of each school year in order to be current:

- **First Year:** 144 Hours
- **Second Year:** 288 Hours
- **Third Year:** 432 Hours
- **Fourth Year:** 576 Hours

Students will have the opportunity to obtain additional school hours by participating in the Trench Shoring Certification Program, Blood Drive and Scheduled Registrations. These additional hours will only be included at the end of the semester or school year.

One night (3 hours) will be awarded to a student whose absence from school is the result of the death of an immediate family member – immediate family members include mother, father, brother, sister, spouse, child or grandparent of the student or their spouse. Proper verification is required. A newspaper obituary will provide sufficient verification.

One night (3 hours) will be awarded to a student whose spouse gives birth to their child. Delivery must occur within 48 hours of a scheduled class. Copy of the birth certificate or other official documentation must be presented to the School Administrator.

Hospitalization or doctor’s directive for the student not to attend class is required. The student must submit written proof on official stationary with doctor’s signature. This documentation must be presented to the school administrator during the next night of attendance in order for the night(s) to be considered an excused absence.

It will be the student’s responsibility to make up all missed assignments.

All other excused absences must be approved by the School Review Committee.
Students exceeding four (4) Unexcused Absences will fail the semester and receive no classroom hours.

When a student reaches three (3) unexcused absences, a phone call will be made to the phone number AMPAC has on file for the student to notify him/her of the number of unexcused absences. When a student reaches four (4) unexcused absences, a phone call will be made to notify the student that they are in jeopardy of failing. *If the employer has paid the student’s tuition, the employer will also be notified.*

**Make-Up Hours:**
Fourth-year students can make up 21 hours during their final semester in order to take the Journeyman exam. Cost of the class will be determined by the number of individuals in the class. The instructor’s salary and facility costs will be divided equally among all students regardless of how many hours they have to make-up. Classes will be held on Thursday nights at school. A fourth-year instructor will teach the class.

**THE BEST POLICY IS TO ATTEND EVERY CLASS AND USE THE MAKE-UP HOURS FOR EMERGENCIES.**

**Number of Hours Needed to Advance to the Next School Year:**
- First Year: 0-125 Hours
- Second Year: 126-252 Hours
- Third Year: 253-386 Hours
- Fourth Year: 387-576 Hours

**THESE HOURS WILL BE STRICTLY ADHERED TO WITH NO EXCEPTIONS.**

Students on the lower end of the scale might have to attend a third semester in the fourth year in order to obtain the required hours to take the Journeyman exam.

**Accumulated Hours:**
Students will have hours accumulated in school on their permanent record card and on the daily attendance sheets. Additional hours obtained during the school year will only be added at the end of the semester.

Permanent record cards will be updated at the conclusion of each school semester and will include the grade the student has earned along with the hours they have earned each semester. Permanent record cards will be located in the school office. A duplicate set of permanent record cards will be located at the AMPAC office.
SCHOOL INFORMATION

The AMPAC Plumbing Apprenticeship Training Program is located at 3128 Allendale Street, Pittsburgh, PA 15204

PARKING

Student Parking is available in two separate areas. Refer to the map and instructions listed below.

AMPAC STUDENT PARKING AREAS

- Students are permitted to park in the STUDENT PARKING designated areas only. **NO STREET PARKING**.
- **NO STUDENT PARKING** in areas designated for STAFF PARKING. These spaces are reserved for instructors.
- The FRONT PARKING LOT is accessed via ALLENDALE STREET. The BACK-PARKING LOT is accessed via FAIRDALE & JEAN STREET.
- Remember, be patient and take your turn when leaving the parking area.
- Please keep your vehicle locked at all times since AMPAC is not responsible for lost or stolen items. In addition, the only doors that will be unlocked for entry into building or exit from the building are at the FRONT ENTRANCE on ALLENDALE STREET.
- Students parking in an area not designated for student parking will be docked three (3) classroom hours. Violators must move their vehicle immediately when contacted by a school official.
All student vehicles driven to school must be registered in the school office. The vehicle make, model, color and license plate number must be listed on the student registration form. All vehicles being used by the student must be registered. Students driving a vehicle not registered must provide the required information to the school official when entering the building.

All classes will begin promptly at 7:00 PM each evening. A 6:50 PM warning bell will signal that students are to be in their classrooms. There will be a break from 8:20 – 8:30 PM with dismissal at 9:50 PM. All classes and students must adhere to this schedule in order to eliminate noise in the hallways during class time. Vehicles will not be permitted to leave the parking lot until after the 9:50 PM bell.

2nd YEAR – Print Reading/Code, Math/Transit and Related Math

3rd YEAR – Drainage/Drawing/Math/Code

4th YEAR – Code/Drawing and preparation for Journeyman’s License Exam

5th YEAR – Backflow Certification as an Elective

CLASS ASSIGNMENTS

Students in the first-year Introduction to Code and second year classes will spend the entire semester in the same class. Students in Shop/Safety classes will meet for twelve consecutive classes in each rotation before moving to the next section, each of which will be held in separate rooms.

Students in the third and fourth year classes will remain in the same class for the entire year.

It is highly recommended that students start the third and fourth years during the fall semester. Mastering the first semester content is required in order to understand and be successful during the second semester.
✓ All Students
  o Central Blood Bank Drive – (September through February 28th)
    Three (3) additional hours will be awarded to any student who
    donates blood or has someone donate blood on his or her behalf.
    Specific instructions will be given through a student memorandum.
    AMPAC’s code number **TS010056** must be given to the Central
    Blood Bank at the time of blood donation in order to receive credit.

✓ 1st Year Students
  o First Aid Training – Conducted during the Job Safety class.
  o Trench Shoring Certification – Three (3) additional hours will be
    awarded to students who complete a four-hour session scheduled
    through AMPAC on a Tuesday night. Specific instructions to be
    given through a student memorandum. **Students must acquire
    certification before advancing to the second year.**
  o Pex Tubing Training – Conducted for all first-year students in the
    Shop Class.
  o Gastite Flexible Gas Pipe Certification – Conducted for all first-
    year students during the first year.

✓ 4th Year Students
  o 21-Hour Make-up Class (for those who qualify)
    • Second semester only and will be held on Thursday nights
      from January 25th through March 8th (dates subject to
      change).

**Classes will ONLY be scheduled if enough students sign up.**

---

**PROGRAM INSTRUCTORS**

1st YEAR (Semester Classes) *
  ➢ Introduction to Code (1A) – Mr. Wilcox
  ➢ Introduction to Code (1D) – Mr. Fergelec
  ➢ Shop – (1B) Mr. Rothaar
  ➢ Job Safety – (1B) Mr. Schmitt/Mr. Jakubowski

2nd YEAR (Semester Classes) *
  ➢ Print Reading/Code/Math/Transit (2A) – Mr. Nannini
  ➢ Related Math (2B) – Mr. Margolis

3rd YEAR (Same Class for 48 Nights) *
  ➢ Drainage/Drawing/Math/Code (3A) – Mr. Staab
  ➢ Drainage/Drawing/Math/Code (3B) – Mr. Czochara

4th YEAR (Same Class for 48 Nights) *
  ➢ Code/Drawing (4A) – Mr. Arlof
  ➢ Code/Drawing (4B) – Mr. Winklmann
  ➢ Code/Drawing (4C) – Mr. Dansak

*Instructor assignments will be based on need according to the total number of
students enrolled in a program during a school semester.*
5th YEAR (Elective)
- ASSE Backflow Certification – Mr. Schmitt
- ASSE Backflow Re-certification – Mr. Schmitt, Mr. Kurz and Mr. Bakke – Scheduled in Spring and Fall on a Saturday at school. Or as warranted.
- ASSE Backflow Conversion – Mr. Schmitt 2 consecutive Saturdays

Master’s Refresher Class:
- This class consists of seven nights (21 hours), meeting on Thursday nights January 25th through March 8th (dates subject to change) from 7:00 – 9:50 PM at school. A fourth-year instructor will conduct the class. Cost is $350 (subject to change).

The cost of tuition for the next semester along with the dates and procedures for registration will be made available to all students before the end of each semester. Registration procedures will include on-line registration at the AMPAC website (ampacplumber.org) or by submitting registration forms WITH PAYMENT directly to the AMPAC office or by mailing form and full payment to AMPAC, P.O. Box 171, Presto, PA 15142.

Cash, Money Orders, Company Checks, Personal Checks (all made payable to AMPAC) and credit cards (Master Card or Visa) will be accepted. There will be an additional $30 charge for returned checks. Students are no permitted to enter school until tuition is paid in full. A $100.00 late fee will be assessed on any tuition payments made after the final registration date.

All changes of address that occur after a student has registered should be reported to the School Administrator.

TUITION REFUND POLICY
Any student who requests a refund of tuition must write a letter to the AMPAC School Review Board detailing why they are requesting a refund. The letter must be submitted to the School Administrator by the indicated school night detailed below. The letter will be submitted at the next Board Meeting at which time the Board will render a decision.

The amount of the tuition refund depends upon the number of nights’ school has been in session. Beginning with the first night of school:

⇒ 2 or less scheduled class nights . . . . . . . . . . . . . . . . 100% refund*
⇒ 4 or less scheduled class nights . . . . . . . . . . . . . . . . 75% refund*
⇒ 6 or less scheduled class nights . . . . . . . . . . . . . . . . 50% refund*
⇒ 7 or less scheduled class nights . . . . . . . . . . . . . . . . 0% refund

*LESS a $15.00 FEE for PROCESSING/ADMINISTRATIVE COSTS AND any FEES Charged by PAYPAL or CREDIT Card Companies.
REGISTRATION PROCEDURES

✓ On-line Registration
  o Register on-line by visiting the AMPAC website (ampacplumber.org) and following the links to, first, “Login to AMPAC” and, then, “Register for Classes.” A username and password are required to use the system. If you have not previously logged on to the website, you must first use the “Login to AMPAC” link and then click on “Register” at the bottom of the screen in order to create a Username and Password.

✓ Mail in registration
  o Applications are available in the school office or by contacting the AMPAC office by phone (412-923-1023). Registration applications can be mailed with payment to the AMPAC office, P.O. Box 171, Presto, PA 15142.

✓ In school registration
  o Students are expected to register for their next semester before their current semester is finished. Students will be notified of registration dates for the second semester by memorandum during the first semester. No current student will be permitted to register on the first night of any semester.

Students who register on or before the established EARLY REGISTRATION DATE will be awarded three (3) additional school hours, which will be added to their permanent records at the end of the semester. The early registration date will be established each semester by the School Review Committee for the following semester. Students will be notified of the early registration date for the following semester by memorandum during the current semester.

Students from other schools are permitted to attend AMPAC in order to supplement hours accumulated at any other school, up to 21 hours. Students who require make-up hours from other schools may transfer to AMPAC but must present a permanent record card on school letterhead before credit is awarded. Any student transferring to AMPAC will pay the current tuition for each semester they attend.

If you have questions about GI Bill eligibility, call 1-888-442-4551 or complete an Application for Benefits online at www.benefits.va.gov/gibill. VA approval is necessary for you to collect your GI Bill benefits through your employer (not the related instruction at AMPAC). To see if your employer is approved by the VA, Call Veterans/Military Education at 412-565-5364 or e-mail RA-VetEd@pa.gov.
APPRENTICE PROGRAM POLICIES

Students must be listed on the instructors’ roll sheet or present to their instructor a class admissions form to gain admittance to class. This copy should also be kept for your records as proof of registration.

If you receive an “F” in any of your classes, you will not receive credit for any hours you have accumulated for that class. There is no such grade as an “I” or incomplete.

Grading Scale

<table>
<thead>
<tr>
<th>Grade</th>
<th>Range</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>93 – 100</td>
</tr>
<tr>
<td>B</td>
<td>85 – 92</td>

<td>65 – 74</td>
</tr>
<tr>
<td>F</td>
<td>Below 65</td>
</tr>
</tbody>
</table>

There will be a bell at 6:50 PM as a warning to students that classes are about to begin. However, we cannot always rely on the bells, so it is each student’s responsibility to be in class by 7:00 PM, with or without the bells.

Teachers will take roll promptly at 7:00 PM each night. If a student is not present when roll is taken, he or she will be considered late. Students will be permitted to enter their classroom late three (3) times during a semester. After the third time, students will not be admitted to class. They will be sent to the School Administrator to receive a signed note to be admitted to class. Each time that this occurs, the student will lose one and a half (1½) hours of classroom time. For example, a student late 6 times will be docked 4½ hours of classroom time.

Students not in class for the 9:45 PM roll call will be docked for three (3) classroom hours. Students are expected to return to class following the break and stay until the end of class.

Students are expected to conduct themselves with professionalism and maturity. Any students not adhering to the following guidelines is subject to expulsion:

◊ Any student causing disturbances or showing disrespect either verbally or in writing towards instructors, staff members or other fellow students will warrant expulsion.

◊ Any student who is under the influence of drugs or alcohol, or is caught using them on school property will be expelled from the school immediately.

◊ Violence and threats of violence against instructors, school personnel and fellow students will not be tolerated and are grounds for expulsion.

◊ No firearms are permitted in the school building at any time. This includes any off-site location where a school related event is being sponsored. There will be no exceptions to this policy and any violations will result in immediate expulsion from the program.
With the exception of those violations that warrant immediate expulsion, an AMPAC staff member who finds a student in violation of any rules may instruct the student to leave and return only when in compliance. Repeat offenses will be taken in front of the school Review Board Committee for possible suspension or expulsion.

AMPAC reserves the right to admit or deny admittance to any individual.

The “School Administrator Referral Form” will be used whenever a student is sent to the School Administrator. Instructors will indicate the type of referral, the time sent and the reason.

There are two types of referrals – “Immediate” and “Appointment Requested.” “Immediate” will only be used when a student is sick or causing a disruption. All others will be checked “Appointment Requested” and sent to the School Administrator with the attendance sheet. The School Administrator will then arrange to meet with the student.

AMPAC expects students to dress appropriately when attending class. Students should dress as if in a work environment.

- **Proper work shoes must be worn.**
  - Safety shoes must be worn in shop class.
  - Tennis shoes and sandals are unsafe work shoes and are not permitted.
  - Students are expected to enter the building with mud-free feet.
  - Shoe covers (booties) are available outside the school office. Violators will be required to clean up any mud they may track inside the building.

- **Proper work clothing must be worn.**
  - A shirt or covering must be worn.
  - Shorts may be worn as long as they are knee-length.
  - Net and muscle shirts, halters and other strapless/sleeveless tops are not proper work clothing and are not permitted.

- **Safety glasses are to be worn in shop class.**
  - Sunglasses are not permitted.

The AMPAC School is a smoke-free building. Designated smoking areas are located outside the building. Any student found smoking inside the school building will be subject to disciplinary action.
The use of cellular phones or beepers is not permitted in the classrooms. Please leave all cell phones and pagers in your vehicles or turn them off before coming into the classrooms. The use of a cell phone as a calculator is NOT permitted. Texting during classroom time is not permitted. Anyone in violation of this rule will be asked to leave and return to class only when in compliance.

**In case of a Fire Drill:**

⇒ At the sound of the alarm (five short rings of the bell), students should follow their instructors to the area designated on the posted sign in the classroom.

⇒ There should be no talking while leaving the building so that other directions can be given if necessary.

⇒ Try to stay together as a group when leaving the building and remain together when outside so that the instructor can make sure everyone is out of the building.

⇒ When the “all-clear” signal is given, everyone is to report back to their classrooms.

⇒ **Students not returning will be docked three (3) classroom hours.**

If AMPAC decides to cancel classes because of inclement weather conditions, the decision will be made by 3:00 p.m. The cancellation notice will say:

“AMPAC Apprenticeship – Closed Monday (or Closed Wednesday)”

This will be reported through the following media:

- **KDKA Storm Center**
  - KDKA TV – Scrolled across the screen every half-hour
  - Pittsburgh’s CW
  - Websites: [www.kdkaradio.com](http://www.kdkaradio.com) & [www.kdka.com](http://www.kdka.com)
  - Students can also sign up for text alerts of school closings to their cell phones by visiting the KDKA website: ([http://pittsburgh.cbslocal.com/school-closings/](http://pittsburgh.cbslocal.com/school-closings/))

- **WPXI Closings**
  - WPXI TV
  - PCNC
  - Website: [www.wpxi.com](http://www.wpxi.com)

Any school cancellation will also be noted at the top of the home page of the AMPAC website ([ampacplumber.org](http://ampacplumber.org)).

Any Emergency school cancellations (non-weather related) will be noted on the AMPAC website and KDKA & WPXI.

If AMPAC classes are in session, you must decide whether it is safe to travel from your location. Weather conditions vary, so your safety must come first. You do have other opportunities to make-up the required hours.
The “Employment Needed List” is not intended for students who are interested in leaving one job for another.

If a student does not have work with a Master Plumber, they can give their name to the School Administrator, who will put their name and phone number on the “Employment Needed List” that is provided to all AMPAC Master Plumbers who contact the AMPAC office for apprentices. Once employment is secured, students are asked to inform the School Administrator so their name can be removed from the list.

PHCC:

A number of Scholarships are made available yearly by the Plumbing-Heating-Cooling Contractors National Association (PHCC). One of the requirements is that your employer is a member of PHCC. The amount of the Scholarships range from $2,500 to $3,000. The deadline for submitting applications and requested material is May 1, 2018. Anyone who qualifies and is interested should see the AMPAC School Administrator.

Nexstar Legacy Foundation:

Nexstar Foundation funds scholarships available to students enrolled in an approved Apprentice Program and working full-time for a licensed plumber.

Please visit www.nexstarfoundation.org for more information. Application deadline is tentatively February 1, 2018.
